## KEY ACADEMIC PROJECT

### 2048-Game : [using HTML , CSS , JS ]

[B.E. Sem-2 PBL Project]

Designed and developed a fully functional 2048 puzzle game using HTML, CSS, and JavaScript. Implemented game mechanics, including tile movement, merging, and score calculation, along with responsive design for optimal performance across devices. Focused on creating a dynamic, user-friendly interface and seamless user experience.

### LifeTime Library : [using HTML , CSS ]

Designed and developed a Lifetime Library website using HTML and CSS. Created a clean, responsive layout for browsing and managing a collection of books, ensuring a user-friendly interface across different devices.
